

Olivia Ohmer: Recipient of Felix's Scholarship

Congratulations to KIDS Michigan member Olivia Ohmer on her winning essay "Why iCAN is Important to Me." Olivia shared that any medical challenges she has faced push her to give back to young people through meaningful activities at her local chapter.

Leadership carefully reviewed each submission and was impressed, as always, by the effort and work of our young authors!

All of the essays were really great!

We congratulate you all on what you wrote and are grateful to share this network with you and your families.
