### FAQs

**Q. Do my spouse and I have to be traveling together to be covered?**

**A.** No. If you are enrolled in the family membership, then your spouse is protected by EA+ whether or not he or she is traveling with you. The family membership gives your spouse access to the exact same services as you.

**Q. Who decides if I should be transported?**

**A.** The EA+ medical team will make the determination after reviewing your medical records and may consult with the treating physician, if necessary.

**Q. If I'm not okay with a stranger driving my vehicle home will EA+ pay for a family member to come to my location and drive me home in my vehicle?**

**A.** If that is what you prefer, and as long as the EA+ medical team deems your medical condition is stable enough to travel as a passenger in your vehicle, yes, we will arrange and provide for that.

\*This is only an outline of the plan's features. Hospitalization (admitted as an inpatient) is a requirement to be eligible for some services. All services must be arranged and provided by EA+. Please read your Member Guide carefully to understand all the services available to you, as well as any rules and regulations. Washington state residents must be traveling more than 100 miles away from Home to be eligible for EA+ services.
