INNOV8 4 KIDS CHALLENGE

Seeking innovators

We are looking for middle school, high school, college and professional developers to bring their best innovation. Help us create a curriculum library on areas like robotics, graphic design, coding, videography (via tutorials), webinars and other creative/informative platforms. Enter this sub-challenge for a chance to win a prize!

Idea phase: Tuesday, Feb. 1 through Monday, March 14
Hackathon: Tuesday, March 15 through Sunday, April 10
